Keith thanks for the update. Can you send us a copy of the signed advisory?

We have a site mailing list of interested persons with Devil's Swamp Lake. Bill can we provide copy of this to Keith.

Keith, does CRA and CH know?

Bart

I think that we might want to consult with EPA Community Relations staff on the notification issue. They probably have a list of contacts that they have been informing of their activities. Bart can no doubt put us in contact with the appropriate EPA Community Relations personnel.

The advisory has been signed by all 3 agencies. I will work with our Bureau of Media and Communications (BMAC) on a press release. BMAC will coordinate the release with DEQ and DWF

9600782

communications departments.

We also need to notify local officials ahead of the press release. Keith- I thought you might have some suggestions.
